QUICK INSTALL

www.RIFEforLIFE.com

Insert CD

In most cases, CD will Auto-Run to begin install process.

SquareGEN pro Install Screen

Note: This is a 2 part install

INSTALL PC-Lab 200 Components

The first button will install the Velleman PC-Lab 2000 components. Important Note: Be sure to install from this button to assure the most compatible and full set of components. The PC-Lab software disk may NOT include all necessary or latest software.

Install SquareGEN pro Integration and Rife Components

The second button runs a separate install for the SquareGENpro control components. When run the first time you will be prompted for your registration information and security key information. (located on the front of your CD)

If you wish, you may select the **Browse Resources** button to examine additional content provided on the CD

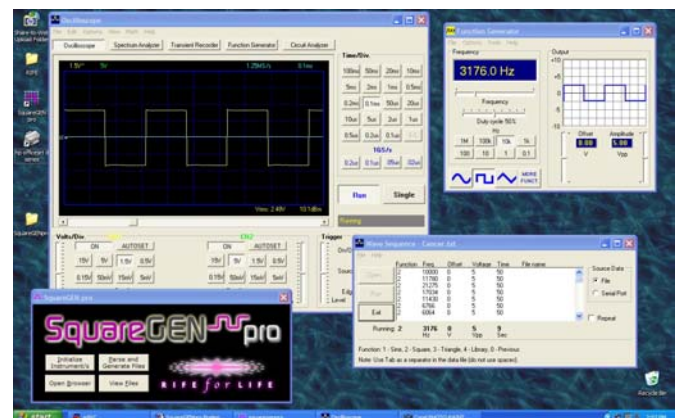

Run

Control Panel

Typical Operating Screen*

(* if both SquareGENpro modules installed)
